Bi-folding Doors

Designed for maximum accessibility, bi-fold doors fold neatly back on themselves, creating additional freedom and space. Large glass panes provide optimum views when closed, allowing light to flood in while keeping you safe, warm and dry.

Our bi-folding doors are manufactured using the market-leading Spectus Elite70 profile system for the ultimate in performance.

Doors can be made in combinations of 2 to 7 panels with numerous different folding options, either open-in or open-out, and main track can be fitted top or bottom. Low threshold option available.

Sizes range from 1.2m to 5.9m in width and up to 2.4m in height, with internal and external high security locking options available.
